

2C12 A-B DH and DH+ and remote I/O

Overview

Electrical Interface Modules (EIM) connect the copper signal to digital signal for transmission over fiber via the Optical Interface Module (OIM). The basic modem configuration consists of a power supply, an EIM and an OIM. Additional modules may be added to configure daisy-chain, star and self-healing ring (SHR) topologies.

Technical specification

Feature	Description
Protocol and extra features	A-B DH and DH+ and Remote I/O
Communications data rate	57.6K, 115.2K and 230.4K baud jumper selectable
Copper cable connector	Pluggable screw terminal 12 to 24 AWG (0.5-2.4mm) cage clamp
Copper cable end termination	User supplied
Maximum devices and copper cable length supported per module	60 units, 10,00ft (3km)
Ambient conditions	-40 to 85° operational, 0-95% relative humidity non-condensing
Power requirement (bus)	9Vdc @ 200mA maximum per module
Power indicator	Green LED
Communications activity indicator	Amber LED
Certifications	CE Marked, Class I, Division 2, Groups A, B, C & D (on selected models), US and Canada
Weight	< 9oz
Accessories	Power supply: 2A06, 2A16, 2A08, 2A18
Installation instructions	Shipped with product or available on request

About Curtiss-Wright

Curtiss-Wright Round Rock and Wimborne have worked with nuclear and industrial customers for over 60 years. We support customers across the world from facilities located in the US and UK. Our solutions are embedded in strategic national infrastructure and our people are active partners in customer programs that are focused on delivering advanced future nuclear and industrial capabilities.

Curtiss-Wright Corporation (NYSE: CW) is a global integrated business that provides highly engineered products, solutions and services mainly to Aerospace & Defense markets, as well as critical technologies in demanding commercial power, process and industrial markets. We leverage a workforce of approximately 8,600 highly skilled employees who develop, design and build what we believe are the best engineered solutions to the markets we serve. Building on the heritage of Glenn Curtiss and the Wright brothers, Curtiss-Wright has a long tradition of providing innovative solutions through trusted customer relationships.
